

Currie Hall takes pleasure in announcing the launch of

WHILE WE LIVE, LET US LIVE

From University Hostel to CURRIE HALL 1942 - 1999

A history of UWA's own Hall of Residence
BY MARGOT CLIFFORD

Currie Hall was originally built as quarters for United States servicemen operating the Catalina flying boats from the Swan River during World War II. After the war, the building became the University Hostel; home to ex-servicemen & women, students and some of Australia's earliest overseas students.

The transition from freewheeling hostel to a modern hall of residence was marked by struggles & creative compromises ...this is the story of that transition and the evolution to the multi-cultural, innovative and modern Hall of Residence that Currie Hall is today, including first-hand accounts of those who called us home. This is their story...
